

ALL THE DEVILS ARE HERE

A Novel By
Bill Hubiak

Nature may not have been generous to Zeus Cubberly when handing out good looks but was more than gracious in dispersing intellectual gifts. A successful conspiracy author and master of all things high tech, he receives a bewildering message from his high school bully, a felon recently murdered in their sleepy New Jersey hometown. A photograph of Adolf Hitler's legal heir, a corporate magnetic room key, and a library card are among the arcane clues sent him, accompanied by a challenge Zeus cannot resist.

Unlocking the dangerous secrets contained in this mysterious communication places Zeus and his lifelong friend, a battle-weary Iraq veteran turned gardener, in the cross-hairs of a professional assassin, the shadowy organization that trained him, and an insidious adversary who has her eyes on the American Presidency.

Life explodes into a hellish nightmare in which a house bombing seriously wounds the only woman who has ever loved him. An unexpected alliance with a Mafioso boss provides him his only protection in a high-stakes game in which one misstep can mean the difference between life and death as Zeus finds that hell is empty because all the devils are here.

Now available at amazon.com E-book \$2.99
